# MUSLIM GANG-RAPE MARATHONS CONTINUE ACROSS EUROPE: WHERE'S THE PRESS?

Political-correctness now extends to the identification of rapists in Europe where the press continually under-reports the high incidence of the most heinous sexual assaults and gang-rapes you can hardly imagine.

The true War on Women is being waged as we speak in the form of child-rape, sexual assault, paedophilia and gangs of Muslim men brutally raping women, in marathon fashion while crowds cheer them on and the press all but ignores.

This is what is coming to America:

KATERINA NIKOLAS at Digita Journal reports that the phenomenon is steadily growing across Europe, but tends to be under reported due to the high incidence of Muslim perpetrators which makes it politically

incorrect to mention.

In December 2011 a Swedish mother-of-two was subjected to a brutal gang-rape by 12 Afghan immigrants in a refugee camp in Mariannelund. Reports stated "The rape was oral, anal and vaginal sometimes with three rapists inside her at the same time while everybody was cheering and clapping. The gruesome rape marathon lasted for 7 hours. 11 suspect may have been involved taking turns while drinking and getting high on drugs. The asylum seekers were cheering and clapping their hands during the rape marathon while calling the victim "whore" and "slut"."

The woman went into shock while the rapes were still underway, and has since been in a heavily traumatised state. She is now subject to nightmares and panic attacks, and lives in a psychiatric clinic. She is bound to a wheelchair due to damages to her abdomen, and suffers from faecal incontinence.

In the U.K. there has been a steady stream of cases where primarily under-privileged young English girls have been targeted, groomed and raped by gangs of what the British press euphemistically refers to as Asian men. However, the published names of the perpetrators are primarily of Pakistan and Afghanistan origin when the gang rapists appear in court.

According to some of the mothers, a fear of being branded racist makes many of the police and social services reluctant to investigate the crimes as organised and connected. One mother from Rotherham, whose 14-year-old daughter was groomed into prostitution and multiply raped during a 12-month period, told me that almost every man convicted of these crimes in the north of England is from Pakistan but that the authorities insist that it is not relevant."

More and more cases are reported across Europe. The following is just a very small sample (some figures indicate 5,000 gang-rapes occur in France alone each year.)

In October 2011 a British woman was brutally gang-raped by five Afghan refugees in Banja Koviljaca, Serbia. According to the Austrian Times the men were living in a local refugee centre housing 2,500 illegal immigrants.

In June 2011 a 14-year-old Norwegian girl, Eva Helgetun, committed suicide after being gang-raped by three teenage migrants.

In January 2013 the Local reported a 22-year-old woman was gang-raped by five men in Stockholm, the first of three reported gang-rapes in the city this year. Eight Muslim male teenagers have been arrested on suspicion of aggravated rape in connection with the three incidents.

In March 2013 a British tourist was gang-raped by three Arab men in a Spanish resort.

The list goes on and on – yet this is the culture we are importing into this country: Child and gang rape, clitorectomies, paedophilia and animal behavior. Make no mistake, what we read about these incidents in America are the tip of the iceberg of what's to come and our press is no better when it comes to shining a light on it.

In Stockholm, Sweden, as many as 20 Muslim men gang-raped an 11-year-old girl. A mother was hosting a birthday party at a public bath/swim center for a group of 11 and 12 year old children. Up to 20 Muslim men who lived at a nearby refugee center arrived at the public bath. They immediately began to assault the children, ripping their swimsuits off and beating the boys when they tried to stop the assault. Eventually, the men cornered one of the little girls in a grotto in the bathhouse and gang raped her. The police refused to press any charges.

England has probably the most massive Muslim rape and prostitution problem in Europe, in large part because the British government refuses to acknowledge it. Two years ago, the British online paper The Daily Mail reported that hundreds of white British girls were groomed to be used as prostitutes, rape victims, and sex slaves by Muslim men (whom the British media refers to as “Asians”):

Agencies have identified a long-term pattern of offending by gangs of men, predominantly from the British Pakistani community, who have befriended and abused hundreds of vulnerable girls aged 11 to 16

In Australia, gang rapes of non-Muslim women by Muslim men became so overwhelming that they were eventually lumped together under the heading of “Sydney gang rapes.” The perpetrators were a group of Lebanese Australian Muslims that specifically targeted non-Muslim women and teenage girls, some as young as 14.

In 2012, in Germany, two Muslim Turkish teens gang-raped a 16-year-old girl in a parking lot. It was an attack of almost unthinkable savagery. When they finished raping the girl, they then assaulted her with a bottle. Even when the bottle broke, they continued her attack, eventually severing her intestine and her uterus. The girl survived, but her rectum was so destroyed by the attack that physicians had to create an artificial one for her. She was also rendered sterile by the attack.

German privacy laws meant that the attack went entirely unreported in the German press.

A 14-year-old girl in Trondheim took her own life after being assaulted and raped by three teenage boys. Only four weeks after she reported the rape at Kristiansten fortress, ninth grader could not bear to live any longer.

The girl’s mother believes the group rape is the direct cause of why her daughter chose to take her life.

At Defend the Modern World, a victim writes of the “Muslim Rape War Against Europe”

The social tragedies enabled by Islamic immigration are much more frequent and (for me) just as morally offensive as explosions on a subway.

Of all these social tragedies, perhaps the most widespread and horrific has been the 'Muslim rape-wave', also known as the 'Rape-Jihad'; a phenomenon that has traumatized thousands of European and other non-Muslim women across the European Union.

There is no way I can think of to sugar this pill. In every Western European country, innocent women have been raped (on a massive scale) for ideological reasons. Females of all ages (including mothers and minors) have been subject to indescribable defilement by amoral savages.

The countries of Scandinavia have long pursued some of the most senseless immigration policies in the EU area. As a direct result of these, prospective Muslim colonists are increasingly choosing Nordic countries over traditional settlement targets like England and France. The social cost of this has already been appalling. Daniel Greenfield wrote the following (harrowing) summation of the situation in Sweden in Frontpagemag:

"Sweden now has the second highest number of rapes in the world, after South Africa, which at 53.2 per 100,000 is six times higher than the United States. Statistics now suggest that 1 out of every 4 Swedish women will be raped.

I feel it should be a law in America that all women have a conceal to carry permit at no cost to themselves. They will need it when these muslims show up because they have no respect for women. I do not care what you hear on the television. They are suppose to be so religious in a peaceful religion. That is nothing but more propaganda. I have heard that this has been going on in Syria as well even by the Syrian solders raping their own young boys and girls so what about that? Actions speak louder than words and this is going on all over Europe now. Yes, and these are all Islamic men what does that say about their man made religion? I consider them nothing but criminals and the only thing that will stop it is a bullet for each one that commits a crime like that. Our justice system is already overwhelmed and I feel that the everyday American citizen will have to pitch in and help our police force.

If these were white people you wouldn't be saying that and everybody is soo scared that muslims will continually rape when they come to the US. but...Isnt there rape already in our country? and most of it is happening in Schools and universities? Oh but you must not care

at all, you just want to be a racist pig because it is so easy to be one. These men are not muslims and/or anything else. They are piles of shit, like you.

The religion of peace I remember George Bush mouthing about? The religion of peace that Obama will not acknowledge as violent jihad against western non muslim women? One of the absolute

most violent crimes in existence is rape, and gang rape horrendously violent. For the survival of decency we must acknowledge the war waged against us. We must brutally suppress this jihad by killing the offenders. Islam does not now, nor has it ever, practiced anything but oppression, and oppression of women the most of all. Sharia law is not compatible with the constitutional republican form of government... See More

I live in Trondheim, Norway. And for the record, the accounts of the young girls' suicide is absolutely true. Still, this problem is far worse in Sweden as multiculturalism is the Swedish media's holy cow, and the politicians there have gone all in on the claim that all immigration is good and are now unable to admit fault as that would lead to someone being held accountable. Denmark should be left out of this as they have a very open public discourse, and Norway is stuck somewhere in-between.

Please do an in depth report of every rape that happens in America (about 1 every 2 minutes) You couldn't keep up.. With so much rape committed by your own fellow Americans.. why do you feel the need to go across the ocean to report on some isolated stories there.. Rape unfortunately is universal.. Clean up your own back yard and then you can talk about the others.

LeAnn Nelson I lived in the Middle East for 10 yrs up until last yr.. I did not know anyone

who was raped.. I was never assaulted, raped, molested or groped or what not.. I was actually treated quite well as a woman. A Woman's privacy is respected a great deal. Men in general are chivalrous and eager to help a woman.. I never had any bad experiences from Muslim men while living there.. I'm not saying bad things never happen, of course.. evil is universal and exists everywhere.. But I would say the Middle East (minus the war zones) is far safer for women than Europe or the USA.

Actually, an abdomen shot is easier, and the result far more painful. My wife aims for the crotch, and never misses. Those wounds, even small caliber, completely demobilize an attacker, and leave them to suffer until the authorities arrive.

All of these countries are weapon free zones! This is what "president" B. Hussain Obama wants for the USA. He's looking to sign an agreement with the UN to "legally" confiscate our weapons. The backdoor approach.

Kaz obozo can try as he might but he'll never get our guns no matter who he makes a deal with there are just too many of us that are armed and our military has said they will back the people no matter what their orders are, that's why his only option is to let all these refugees in so he can try martial law but again who's he gonna get to put it into effect, Obama isn't as dumb as you think he's thought ahead but he's not counting on law abiding citizens that will turn into criminals even if the 2a is gone well never give them over willingly and he knows this, he'll let small groups start the fights to wear us down but if we stand together he can be defeated but only if we unite and fight it's coming and soon so lock and load be ready to fight for you and your family.

Refuge encampments are supposedly being burned by arson in Sweden. Whete have all the good men in Sweden gone? They've been femenized and liberalized. As a white swedish man you can not legally ge the victim of racism ie. Muslim gang of refuges attack and rob you is not considered a hate crime. An academic brought to light that there was a strong correlation between an increase in crime increase and Swedens "mulicultural" experiment with mainly muslim immigration. He was charged with a hate crime! They also don't track nationality for crime stats anymore and second and third generations are considered Swedish citizens when the news does report anyrhing. As one Islamic Muslim man stated, it's better to rape the non Muslims because that have many supports after, whereas, a Muslim woman would be disgraced and not eligible for marriage.

Graywolf: I sincerely believe your latter assessment is 100% of the problem. They could NOT be that stupid, not the whole lot of them, not even a majority. Their "fear"

is strictly related to their lack of morals, ethics and the implied responsibility of the freedoms and liberties afforded us by our Creator, thusly enumerated within our Founding documents. They FEAR accountability, and just as their hand picked pets, the racial minorities, perverts and others, they believe shifting aforementioned responsibility to some sort of micro managing governance eliminates their self-fear and self-loathing and will lead us into some fantasy world of utopian existence. Meanwhile, those of us who pay actual attention and thank God for our blessings of being REAL Americans and for our fellow brothers and sisters,,,,,, fear, REALLY FEAR, the catastrophic nightmare these do-gooders are leading us all into.

I agree with you. I am in a way glad I am as old as I am so I will not be here to see my loved ones suffer, and in a way sad I might not be here to fight the demons that are going to try to take over this country. War is coming, and not from an outside invading force. We will be attacked from within by splinter groups made into an army by the regime and their policy to separate people by race, sex, sexual orientation, religion, national origin, part of the country you live in, and others. Once we are so weakened by civil war others then will come in to take over.

## ABOUT JOE

I was born in Toledo in 1973, and graduated from Springfield High School – right around the corner from where I live today. Like many young men graduating from high school, I enlisted in the Air Force looking for adventure, career, and a way to serve the country I love. The Air Force taught me practical skills like plumbing, which is what I did while stationed on bases in Alaska and North Dakota.
